Parental Involvement Policy

Parents are the first educators of their children. The aim of the school is to support their essential work, not to supplant them. We will:

- Make all new parents aware of the school's systems and policies.
- Ensure that parents are informed on a regular basis about their child's progress
- Involve parents in shared record keeping about their own child.
- Ensure that all parents are fully informed about meetings in venues that are accessible and appropriate for all.
- Provide opportunities for parents to learn about the school's curriculum and about children's learning, in school and at home.
- Encourage all parents to play an active part in the life of the school.
- Ensure that all parents have opportunities to contribute from their own skills, knowledge and interest to the activities of the school.
- Welcome the contributions of parents whatever form these may take.
- Ensure that adult helpers are **not** given sole responsibility for individual pupils or groups of pupils unless they have been DBS checked. They may assist class teachers, but must not infringe our child protection procedures.

This policy is monitored by the Headteacher and the Trustees and will be reviewed annually.
